This Summer will be unbe-leaf-able!

**SummerQuest** partners with parents in providing a safe, nurturing, and fun-filled learning environment for the summer. The program focuses on the whole child, building on the same foundation for early learning during the school year. The developmentally appropriate summer-themed curriculum infused with biblical truth enhances your camper’s summer experience. It’s all about learning the truth of creation by God, learning about being loved by God, and learning to love one another.

**SummerQuest Registration** is open to currently enrolled (2020-2021) Early Learners through Kindergarten. Campers remain in their current age-appropriate groupings. Students enrolling for the 2021-2022 school year, Toddlers (DOB before October 1, 2019) through Kindergarten, may attend as space is available.
